Centre Co-Ordinator headspace Port Lincoln - Full Time

headspace is the National Youth Mental Health Foundation providing early intervention mental health services to 12-25 year olds, along with assistance in promoting young peoples' wellbeing. This covers four core areas: mental health, physical health, work and study support and alcohol and other drug services.

About the role:

- Ensure the headspace centre operates within the headspace Model Integrity framework
- Provide day to day leadership to the centre to assigned team members
- Ensure all the designated program's reporting and evaluation requirements are achieved.
- Establish and maintain local partnerships with stakeholders to ensure services and activities are available for young people.
- Sustain a continuous quality improvement approach and contribute toward the development of clinical practice
- Have the ability to adapt to a fast-paced work environment in our growing organisation.

Applications close Friday 19th August 2022.

Submit your application early, we reserve the right to interview and select candidate prior to closing date.

If you wish to apply directly for the position, please follow the application process on this link: [CLICK HERE](#)

Qualifications:

- Demonstrated experience of leadership in a similar role, health management or allied health qualification
- Management qualification and/ or 2 years management experience in primary mental health
- Or Experienced and qualified Psychologists, Social Workers and Occupational Therapists trained in Mental Health, or Mental Health Nurses - hold a registration with an accredited body
- National Police Check, Department of Human Services Child-Related Employment Screening

What's in it for you?

- A supportive working environment
- A competitive salary in recognition of your qualifications and experience
- 5 weeks annual leave
- Generous salary packaging options to increase your take home pay
